# **WHAT IS A CO-OP?**

**We Build Community  
- Together -  
We own it**

The Co-op is formed **by the members for the members**, so the membership, as a whole, guides its operation.

Co-op members care about their community and want to help make it thrive.

It's not about getting ahead of others.  
It's not about investors making profits.

In our **community everyone has a voice**, a role to play, and place to belong.

**Compassion, care, and putting relationships first** are at the core of our **community**.

It's about friends and neighbours.  
Looking after each other.  
Make our communities better.  
It's about creating a better place for all.

**WE own it!**  
**WE benefit!**  
**WE serve!**

Being a Co-op member is a simple way to make a better life for you, your family and your community.

We cannot control all the factors that impact us. But as Co-op members, we have the chance for more say in the things that matter.

When a group of people with similar interests and needs pool their resources and are equally involved in the decision making process, that is a Co-op.
